From dream to action!

About us

The Dream to Live Charitable Foundation has been working for 12 years to support children with disabilities (cerebral palsy/autism spectrum disorder) and their families.

Our mission is to create conditions for improving the quality of life of children with special needs, their development, socialization, and integration into society.

In 2025, despite all the challenges, our foundation continued its activities aimed at providing necessary assistance to the most vulnerable segments of the population. We focused on the following key areas:

- Providing support to families by paying for rehabilitation services for children in specialized centers.
- Creating an inclusive space where children can receive help, develop, and make friends.
- Organizing events that promote the socialization of children and support their families.

In addition, we continued to support the Armed Forces of Ukraine by providing humanitarian aid, resources, and equipment, understanding the importance of everyone's contribution to the nationwide effort.

Our team is working tirelessly to make this world a better place for children who need attention, warmth, and support. We are grateful to every patron, partner, and donor for helping us implement our initiatives.

Together, we are building a future where every child can live a full and happy life.

The team of the charity fund “Dream to Live” actively provides assistance in the following areas:

Payment for rehabilitation

Day care

Projects and actions for children with disabilities

Social adaptation

Humanitarian assistance

Day care for children with disabilities

The Dream to Live Charitable Foundation, based at the World of Opportunities inclusive center, is implementing a project providing day care for children with disabilities in subgroup A thanks to financial support in the form of small grants for the provision of social services. It is a safe and caring space where children aged 3 to 10 receive support, development, and the opportunity to be with their peers. We care for special children who need constant supervision throughout the day.

What we offer:

- all-day stay for the child in an inclusive environment;
- socialization and a friendly circle of communication;
- games, creative activities, and development of independence skills;
- individual attention and support for each child.

This material was prepared by "Dream to Live" Charitable Foundation within the framework of the project on Providing Financial Assistance in the Form of Small Grants for Social Services to Families with Children and Children and/or Early Intervention Services in Ukraine. The project is funded by the UK Government under the SPIRIT project, implemented in collaboration with the Ministry of Social Policy, Family and Unity of Ukraine, the Fund for Social Protection of Persons with Disabilities, and UNICEF Ukraine, with administration by ISAR Ednannia. The content of this publication is the sole responsibility of "Dream to Live" Charitable Foundation and does not necessarily reflect the official views of the UK Government, the Government of Ukraine, UNICEF, ISAR Ednannia or the Fund for Social Protection of Persons with Disabilities.

Project “Children in Media”

The Dream to Live Charitable Foundation became one of the partners supporting the Children in Media project. We joined the initiative of the Live Media HUB media holding (which includes the Novyny.LIVE and TyKyiv platforms) and invited 7th–11th grade students to try their hand at being journalists: to shoot their own story and learn to distinguish fake news from real facts in the media!

While participating in “Children in the Media,” the children:

- saw how a news studio works from the insidelearned to distinguish manipulation from real facts
- learned why critical thinking is so important in today's world
- got acquainted with the profession of journalism and took part in
- creating news stories, from the idea for the story to its filming

Photo challenge “A smile for the future”

On Children's Day, we launched a photo challenge called “A Smile for the Future” to show what we all united, worked, and helped for.

We invited parents to share their children's smiles — the ones that inspired, gave faith, and strength.

We published the stories on social media to show together that Ukraine's future lies in the smiles of its children.

The “School Dream 2025” project

For the fourth consecutive year, the Dream to Live Charitable Foundation has been implementing the School Dream project for children with disabilities (cerebral palsy/autism spectrum disorder) in Kyiv and the Kyiv region.

The foundation's goal within the project is to provide as many Ukrainian children with disabilities as possible with everything they need for their education.

After all, despite the war, life goes on, and children need to acquire knowledge so that in the future they can contribute to their country and the whole world through their work, creativity, and skills.

The “Dream to Live” Foundation purchased 100 school backpacks with school supplies for children with disabilities in Kyiv and the Kyiv region, thus providing them with everything they need for their education.

Project «Mama Special 2025»

The Mama Special project is a social initiative launched in Ukraine in 2021 by the Dream to Live charity fund. Its goal is to support and reward heroic mothers who are raising children with disabilities.

Mama Special 2025 is not just a support event, it is a multifunctional media project created to tell the stories of real Ukrainian women. They are our guardians, our heroines, who change the world every day with their strength, intelligence, and love.

The main goal of the program is to offer safe leisure activities and adapt a place where families can spend time together, receiving positive emotions and impressions.

Grants

In 2025, the Dream to Live Charitable Foundation received significant grant support, which was an important step in the development of our projects and expanding opportunities to help children with disabilities and their families.

This support was not only a financial resource, but also a sign of trust in our activities and belief in our mission. Thanks to the grants, we were able to strengthen existing programs, implement new initiatives, and provide even better support to those who need it most.

We express our sincere gratitude to all the organizations and partners who have chosen to work with us. We take this responsibility seriously and do our utmost to ensure that every hryvnia donated is used effectively and transparently. Together with our partners, we continue to change the lives of children and families by creating new conditions for their development, socialization, and confident progress.

Our partners and friends

In 2025, we continued to confidently expand the horizons of our activities. For the Dream to Live Charitable Foundation, this year was a time to strengthen partnerships and establish new important collaborations with those who share our mission of supporting children with disabilities and their families.

Our partners are people and organizations who also believe in equal opportunities, the value of kindness, and the importance of effective assistance. Thanks to our joint efforts, we were able to implement new initiatives, strengthen existing programs, and provide support to even more families. Each project implemented in partnership is a step forward in overcoming today's challenges and creating systemic support for those who need it most.

We are confident that new opportunities and successful joint stories lie ahead. And together, we can do even more to bring about positive change in the lives of children.
