From dream to action!

About us

The "Dream to Live" Charitable Foundation has been working to support children with disabilities (CP/ASD) and their families for 10 years.

Our mission is to create conditions for improving the quality of life for children with special needs, fostering their development, socialization, and integration into society.

In 2024, despite all challenges, our foundation continued its activities aimed at providing essential assistance to the most vulnerable categories of the population. We focused on the following key areas:

- Supporting families by covering rehabilitation services for children in specialized centers.
- Creating an inclusive space where children can receive help, develop, and make friends.
- Organizing events that promote the socialization of children and support their families.

In addition, we continued to support the Armed Forces of Ukraine by providing humanitarian aid, resources, and supplies, understanding the importance of everyone’s contribution to nationwide efforts.

Our team works tirelessly to make the world a better place for children who need care, warmth, and support. We are sincerely grateful to every patron, partner, and donor for helping us implement our initiatives.

Together, we are building a future where every child can live a full and happy life.

The team of the “Dream to Live” Charitable Foundation actively provides assistance in the following areas:

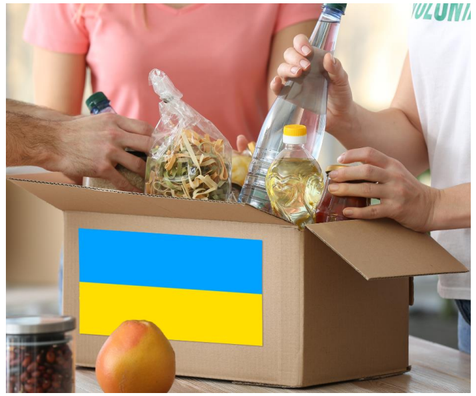

Socialization of children with disabilities and their parents

Payment for rehabilitation of children with disabilities

Projects and events for children with disabilities

Humanitarian aid

Assistance to the Armed Forces of Ukraine

Charity project “Inclusive Insurance”

In cooperation with "Karpatia" insurance brokerage, we decided to launch the Inclusive Insurance project. We are pleased that one of the largest insurance companies in Ukraine, Knyazha Vienne Insurance Group, which is part of the powerful European financial structure Vienna Insurance Group, has also joined this initiative. Together we can do something really great.

For the first time in Ukraine, children with disabilities, diagnosed with autism and cerebral palsy, will have access to an insurance program for medical care at the level of European standards.

Project “School Dream 2024”

For the third year in a row, the Dream to Live Charitable Foundation has been implementing the "School Dream" project for people with disabilities (cerebral palsy/ palsy) in Kyiv and Kyiv region.

The Foundation has set a goal within the project to provide as many Ukrainian children with disabilities as possible with everything they need to study. After all, despite the war, life goes on, and children need to acquire knowledge in order to benefit the country and the world with their work, creativity, and skills in the future.

The “Dream to Live” Foundation purchased 120 school backpacks with school supplies for children with disabilities in Kyiv and Kyiv region, thus providing them with everything they need for school.

Project «Mama Special 2024»

The Mama Special project is a social initiative launched in Ukraine in 2021 by the I Dream to Live charity foundation to support and reward heroic mothers raising children with disabilities.

The Mama Special project was held as part of a comprehensive barrier-free program implemented at the Neopolis amusement park to improve the accessibility of the location. The barrier-free program involves the adaptation of the Neopolis space and recommendations for using attractions for children with different needs and their parents, as well as the relevant competencies of the park's staff.

The main objective of the program is to offer safe leisure activities and adapt a place where families can spend time together, receiving positive emotions and impressions.

Charity event “St. Nicholas”

Despite the important challenges and difficulties that our country is facing because of the war, we must not forget that children are still children. They need joy, hope and bright moments in their lives, regardless of the circumstances.

“St. Nicholas Day Gifts from Favorite Baby Food Brands” is a joint project of our foundation, MAUDAU and NESTLE.

It was from 03.11 to 30.11.2023, when buying Gerber®, NAN®3,4, Nestogen®3,4 products on the maudau.com.ua website, and from each purchase, the partner transferred 5% to the needs of our foundation - this amount was used to purchase the needs of children with disabilities, which are taken care of by the foundation.

Project “New Year's gifts for children with disabilities”

Despite the difficult challenges and difficulties our country is facing because of the war, we must not forget that children are always children. They need joy, hope and happy moments, regardless of the circumstances.

This year, we implemented the New Year's Gifts for Children with Disabilities project to give kids warmth, care, and a real holiday.

Thanks to the support and assistance of our regular and new partners - the Embassy of Slovakia and Ambassador Extraordinary and Plenipotentiary of Slovakia Mr. Pavel Vizdal, HelpVolonter, Ukrainian community in KENT, MAUDAU, NestléBaby - dozens of children received New Year's gifts.

This initiative is another proof that together we can give children faith in miracles and bright emotions, even in the most difficult times.

We are sincerely grateful to everyone who contributed to this project for your generosity, care, and desire to do good.

Fund development

24-25 June 2024 - in Warsaw, Iryna Popovska, founder and chairman of the "Dream to Live" charity foundation, attended the international exhibition and conference Rebuild Ukraine: health & rehabilitation, an offline platform for recovery projects, technologies, equipment and investments to rehabilitate human potential and rebuild Ukraine's medical infrastructure.

The event brought together leading experts, the latest solutions and international experience to promote the development of the healthcare and rehabilitation system in Ukraine.

The main goal of the event is to draw the international community's attention to the grave humanitarian and social consequences of Russia's military aggression in Ukraine and to return the victims to a full and quality life as soon as possible.

We sincerely thank the organizers of the forum for this opportunity and all participants for their support and cooperation. Together to victory!

Fund development

3.10.2024 - The "Dream to Live" Charitable Foundation was present at the Kyiv International Forum of Rehabilitation and Medical Tourism “MTEC.Rebuild 2024”.

MTEC.REbuild is the largest and most effective specialized event in Ukraine in the field of rehabilitation, medical and health tourism. It is a powerful platform that brings together industry professionals to share international experience, expand the range of partners and improve business efficiency.

The forum included: The International Congress on Rehabilitation and Medical Tourism and a master class on rehabilitation from a well-known expert Dr. Prem Jagyasi (India).

We are grateful to the organizers for the opportunity to join this event and develop international cooperation to improve rehabilitation programs in Ukraine.

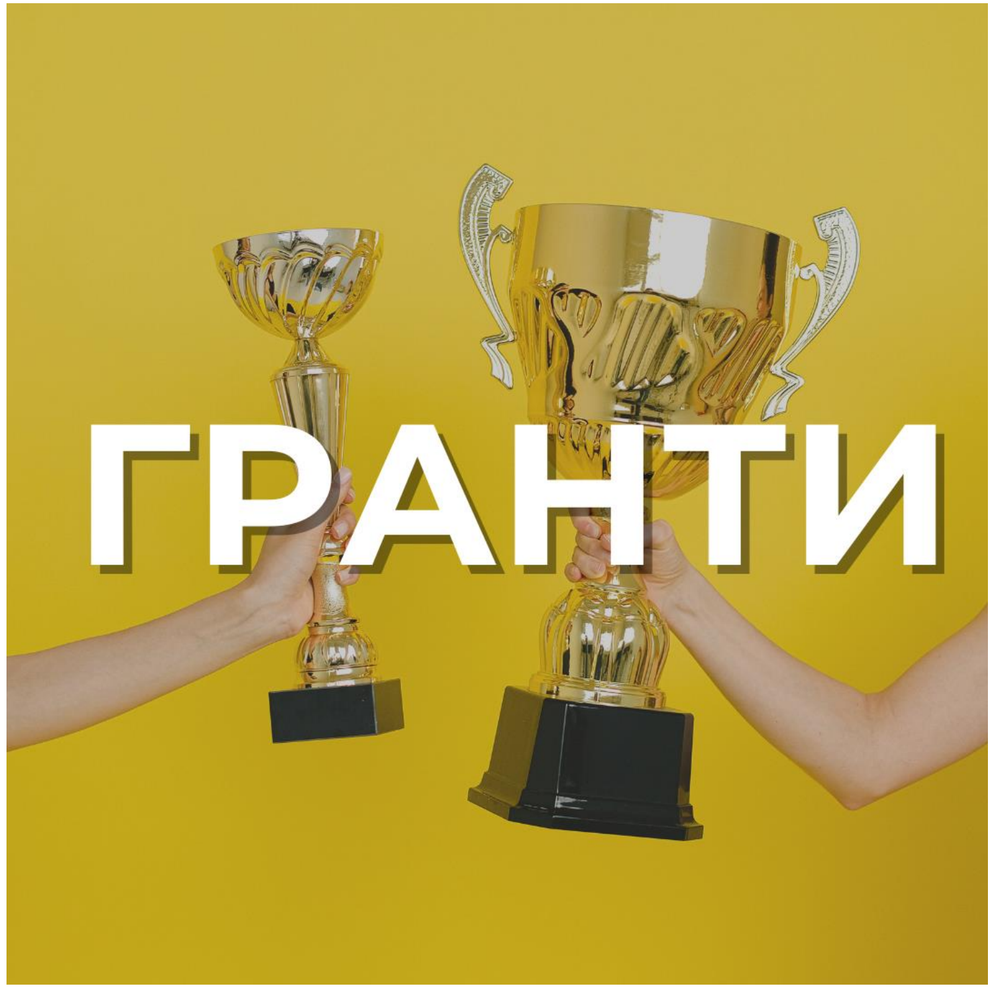

Grants

In 2024, our foundation received grant support, which was an important step in the implementation of our initiatives and project development.

These grants are not only financial assistance, but also a great deal of trust in our work and faith in our mission. Thanks to this support, we were able to expand our programs, improve existing projects, and focus even more on helping children with disabilities and their families.

We are sincerely grateful to the organizations that have supported us for their trust and shared desire to change lives for the better. This is a huge responsibility, and we do our best to use the resources provided as efficiently as possible.

Together with our partners, we continue to move forward, creating new opportunities for development, socialization and support for those who need it most.

Our partners and friends

In 2024, we continued to expand the horizons of our activities! This year, our charitable foundation strengthened partnerships with existing partners and attracted new like-minded people who share our mission to do good. Together, we believe in the power of combined efforts and continue to work to support those who need it most.

Our partners are those who, like us, believe in equality, kindness, and the importance of helping. Thanks to their cooperation, we have been able to implement new projects, provide more support to children and their families, and take important steps to overcome current challenges.

We are convinced that there are still many opportunities for development ahead, and together we can do even more to make a difference!

Media about us

Our charitable activities are often covered in the media, and we are extremely grateful for the attention and support our foundation receives. Thanks to the strength of our community, we are able to bring real change where it is needed most.

We always strive to provide accurate and comprehensive information about our initiatives, projects, and achievements. However, we understand that words cannot always fully convey the scale of our efforts, our dedication and love for the cause.

We sincerely thank everyone who supports us and helps to spread the word about our activities. Together we create changes that last for years.
