Project "New Year's Gifts for Children with Disabilities"

Despite the significant challenges and difficulties that our country is facing due to the war, we must not forget that children remain children. They need joy, hope, and bright moments in their lives, regardless of the circumstances.

This year, we implemented the project “New Year's Gifts for Children with Disabilities”.

We planned to collect UAH 150,000 through the campaign, but we collected UAH 241,752 and 202 children received gifts.

Thanks to the joint project “Gifts for St. Nicholas Day from Favorite Baby Food Brands” from our foundation, MAUDAU, NestléBaby, and everyone who joined in the purchases of Gerber®, NAN®3,4, Nestogen®3 on the website https://maudau.com.ua/, we received products that were sent to children with disabilities on the eve of the New Year holidays.
