From dream to action!

About us

The "Dream to Live" charity foundation has been dedicated to supporting children with disabilities (cerebral palsy/acute cerebral palsy) and their families for 10 years.

Our mission is to provide the necessary assistance to improve their quality of life. We pay for rehabilitation in private rehabilitation centers, striving to alleviate the burden that these families face.

In 2023, despite the difficulties associated with the full-scale war in Ukraine, our foundation redoubled its efforts to provide support to children and their parents in the form of socialization.

In addition, we continued to provide assistance to the Armed Forces of Ukraine, realizing the importance of our contribution to national efforts.

We are grateful for the support of our partners and donors who help us make this world a better place for the most vulnerable segments of the population.

Our partners and friends

In 2023, our charitable foundation welcomed some incredible new partners to join our mission to make the world a better place.

Our partners are teams that share our belief in justice, kindness, and the power of united efforts.

Together, we can do more, help more people, and make a significant contribution to overcoming global challenges. We believe that this collaboration will bring new opportunities and the implementation of ideas that will help those who need help most.

Project "Indomitable Children of Ukraine with Disabilities"

The "Dream to Live" Charity Fund has launched a social project “Indomitable Children of Ukraine with Disabilities”. The goal is to tell the world how not only our soldiers, doctors, emergency services, utility workers, volunteers, businesses, but also children with disabilities cope and live with the constant trials of war.

Stories of children with disabilities are always about pain, overcoming, hard work and small victories. These children, even despite the bloody war, remain strong in spirit and believe in good!!!

Each project participant received a book from Tomasz Krup “The Bear Expert Saves”, a 10% discount on rehabilitation from the “Step by Step” Physical Rehabilitation Center and a sweet gift in the form of Haribo candies.

Week of appreciation of the Armed Forces of Ukraine

This year, the charity foundation "Dream to Live" launched the project “Week of Gratitude of the Armed Forces of Ukraine”, within the framework of which we provided our defenders with emotional support and positive emotions.

Together with our partner, the CFR “Step by Step”, we purchased 460 angels, which the children themselves painted and decorated with bright motifs. These angels will be a symbol of goodness and peace, and their colorful faces will warm the hearts of our defenders in difficult times!

Also, students of primary school No. 332 enthusiastically took part in coloring the angels, giving each of them a unique and bright image. These small symbols of peace and goodness became an expression of gratitude and respect for the defenders of Ukraine.

Gifts for St. Nicholas Day from your favorite baby food brands

Despite the significant challenges and difficulties that our country is facing due to the war, we must not forget that children remain children. They need joy, hope and bright moments in their lives, regardless of the circumstances.

“Gifts for St. Nicholas Day from your favorite baby food brands” is a joint project of our foundation, MAUDAU and NESTLE.

From 03.11 to 30.11.2023, when purchasing Gerber®, NAN®3,4, Nestogen®3,4 products on the maudau.com.ua website, the partner transferred 5% of each purchase to the needs of our foundation - we sent this amount to purchase needs for children with disabilities, who are cared for by the foundation.
